### **GAME/ACTIVITY**

Before class time, draw coins on a piece of paper and make copies. Then write today's Bible verse for Mark 12:44b with a word on each coin. Give each child or team (make it a family race!) an envelope with the Bible verse coins and let the child or teams put the coins in order and glue/place onto a cut out picture or drawing of a Bible/plain piece of paper

### **PENNY COOKIES**

Give children a couple of round cookies (package cookies are fine!!) and some frosting.

Children can then use a toothpick to trace a 1c, or 5c, or 10c, on their cookie, while talking about how our resources can be given and used for Jesus. Tell the kids it is not just our money that we can use to show God's love but our time, energy, gifts, words.

Let the (older) kids try and write words or create images with their frosting that represent how they can give God's love to others. Then enjoy and give thanks for what God has give you today!

### **SING A SONG**

Let your kids (and you!) work in two teams to make up words and a song about today's lesson -- using PENNIES, LOVE, JESUS, CHURCH, etc! The children will enjoy sharing their short song with the other group! Record the song and share it with someone who might need a little spark of joy today!
